We say goodbye and thank you to Colin Scott for all of his hard work working on the Board; he is leaving for Edmonton to work off coast.

We welcome back Laurie Reid to the Board to replace Colin. Thank You Laurie for stepping in!

We are pleased to say that new lights have been installed in the club... no more excuses for missed shots or bad line calls!!! Please remember to unplug the lights when leaving the courts. (They are temporarily plugged in, one under the viewing window and two in the corner by the heater thermostat). We thank Jim Nielsen for his generous donation for the light fixtures and for his help with Dave Munro and Colin Jacobsen for their hard work installing them.

August 2018 marks the 10th year Anniversary of hitting the first ball and playing in our new building. (Official Opening November 2008) We would like to celebrate this occasion and ask members for ideas of how we can do this. Some long time members may have some funny anecdotes from the bubble before it finally collapsed and forced us to search for pastures new as well as the early play in the new building.

We will notify members of the next Live Ball....keep checking your email! Mixed doubles drop-in will still be happening 6:30 -8pm.

We welcome new trial member:
